

My name is Warren Contreras also known as Oldbuddy online and I wrote this report to calm any skepticism you may harbor about this amazing plan.

You may not be able to do as well as I have your first month, but the beauty is you don't have to!

There is NO cash out of your pocket, so there is no drag or pressure to perform. Take your time or pull out all the stops like I did, but you CAN'T LOSE either way! That is, unless you quit trying or never start in the first place.

I am not including my Zero2Riches referral links in this report, so you will feel free to show it to anyone you would like to get interested in enrolling under you. **You have enrolled, haven't you?**

I enrolled a couple of months ago, but like people do, I didn't promote it right away. At that time you had to create your own website and even though I could, I recognized that would be a stumbling block for many of the people I tried to bring in. Then on Oct 15, I got my own replicated website from Z2R and that objection was removed. I started going through the Steps adding referral links through my back office as fast as I completed each Step. Then I sent a link to that replicated site to all my friends and contacts. As they enrolled, the ones that followed me through each Step increased my cash flow.

Let me walk you through my first month (it's actually not quite over yet)

I started on Step 1 and completed four offers of things I would have bought and used anyway. There are lots of free offers and low cost ones for trial subscriptions if you can't afford any cost at all and the Z2R plan is for your sponsor to reimburse you \$5 to help with any cost you incur completing this Step.

I finished mine in a couple of hours, but I talked to several of my referrals that had some trouble. The big thing to keep in mind is you only have to do this ONCE and then you can earn \$40 payments over and over as long as you want to. It also turns on the money machine for all the other Steps in the Z2R plan that have no such offers to complete, all you do is enroll and add your link to the Z2R plan.

Keep in mind you need to do this Step 1 from one computer and not even logon anywhere else or allow anyone else to do it from your computer or location. They check your IP address and it needs to be unique, one account per household. Do not do it from work or a public computer. Make sure you read the FAQ on their website before you get started. AND clear your cookies between each offer.

If there is a stumbling block, this Step is it. Whatever you need to do to accomplish this is well worth it as you will soon see! The videos in your back office at Z2R help a lot.

Here's my first month's results so far:

Remember I said I bought some things to qualify and the total was about \$50, but I also got the use of the items I received. Even if I hadn't, I would spend \$50 to make \$600 every month of the year, wouldn't you? Now consider you can do the same thing FREE, no out of pocket at all!

But that's just the tip of the proverbial iceberg. Here's my first month in Step 2 results so far. I blurred the names for privacy.

Now remember, I'm still working on my first month, so here's a little cash from early Step 3 results after I completed passing my first referral up.

Just so you know you are now qualified in leverage 2up , your 2 sales have been passed up. its a great program cause every person you now get will go to you and they owe you 2 to qaulify.

Now I'm going to share a mistake I made. I thought since this was my first month, the chance anyone would pass me up was pretty slim. But that's exactly what happened and I lost a referral for Step 5 by waiting, needless to say I upgraded so I don't lose another one.

So here's the real deal, you can sit on the sidelines and watch the game, or you can get in and play as the quarterback with a front line that is so good the opposition will never lay a hand on you. This really does work and there is absolutely no risk, so why not?

As I mentioned above, I don't have my Zero2Riches link in here so anyone can use this proof without fear of losing a referral. However, I did put a lot of work into it, so on the next page are some resources that I found that I think are going to be a real asset to anyone promoting online. They do have my links.

Advertising Resources

If your future referrals do enroll with these, even if they are under me they will help you build your Zero2Riches income as I help them. If you sign them up first, they will have no reason to join again.

List Builders

[Gateway 2 Hits](#) Save all the emails of those who sign up under you.

[List Jumper](#) Even those who have a hard time getting referrals will love this.

[Work For 3 Dollars](#) The best list builder I have at a one time \$3 cost.

New Communities

[Viral Networks](#) At the time I wrote this, the hottest pre-launch online.

[My Wall St.](#) I find people interested in money wherever I can!

Lead Production

[Leads Leap](#) Passive advertising with text ads.

[Internet Vending Machine](#) Autoresponder that's self-funding with tons of marketing training.

So that's my story and I'm sticking to it. Now you have the plan and the tools to make it succeed, so the next move is up to you. Get back with the person who gave you this report and use their link to enroll in Zero2Riches today! There is NO advantage to shopping for a sponsor in this one, we all win!

One last caution. Every successful person at one time or another, whether they realized it or not, had to learn the “**Law of Diminishing Intent**”.

If you have blood coursing through your veins, you can't help but feel a certain amount of excitement right now. If you don't, you must not realize what you have in your possession.

The time to take action is **Right Now!**

The longer you wait, the more your intent to improve your financial situation will diminish.

In a few hours you will be busy with something else and in a few days, you won't even remember who contacted you or why. Don't let this opportunity slip through your fingers.

You have everything to gain and nothing to lose by acting right this minute and getting started on your future success in Zero2Riches. No matter where you are on my team, you will have my personal help at your fingertips. I set up a Zero2Riches chat room on Skype you can reach if you [Click Here](#)
